OBJECTIVE

Seeking a professional position as System Administrator or Database Administrator.

SUMMARY OF QUALIFICATIONS

Twenty-two years of varied programming, technical and administrative experience in Automated Information System (AIS). Experience in designing, developing, maintaining and implementing applications using a variety of Relational Database Management Systems (RDBMS). Demonstrated expertise in designing, installing and maintaining both stand-alone and networked NT and UNIX-based systems, including SUN and NT servers and workstations.

TECHNICAL SUMMARY

Hardware:	SUN Sparcservers and Sparcstations, IBM PC & compatibles, IBM 4300, Honeywell 6000, Burroughs 3500, Perkin-Elmer 3220.
Computer Languages:	SQL, PL/SQL, HTML, shell scripting, INFO, BUILDER, COBOL.
Operating Systems:	UNIX, SunOS 4.1.3, Solaris 2.3, MS-Windows95/NT, Banyan Vines, MS-DOS.
Database:	Oracle V6.0, V7.0, MS Access, FOCUS, PACE, dBaseIV.
Network/Protocols:	Ethernet, Token Ring, TCP/IP, NIS+, NFS.

EXPERIENCE

Database/Network Administrator
Fleet Hospital Support Office, Alameda, CA

Provided database administration and network support for a variety of platforms and architectures (Sun/Unix, Banyan/Vines and MS-Windows 95/NT.)

- Responsible for Oracle name server setup and administration.
- Responsible for database backups, restores, resource allocation and exports of all databases.
- Installed Oracle 6.0, Oracle Applications, and created Oracle instances.
- Responsible for installing, upgrading, configuring, and maintaining all operating systems and third party application software.
- Supported over 100 users in a mixed Sun-Unix, Banyan-Vines and MS-Windows95/NT environment.
- Responsible for installing, upgrading, configuring and maintaining all workstations, networks (token ring, 10Base-T and thin ethernet), peripherals (modems, printers, plotters, scanners).
- Provided user support and training.

PERFORMANCE AWARDS

- | | |
|--------------------|--|
| September 17, 1996 | Using Oracle RDBMS, normalized and migrated data from WANG to SUN, established Hospital Readiness (for submission to Surgeon General) in support of 17 mobile hospitals. |
| August 21, 1997 | For developing and implementing SIRS/HIMS inventory and financial systems using Oracle tools, shell scripts. |
| June 4, 1998 | For exceptional dedication and consistency while serving as the sole administrator and customer service technician |

EDUCATION AND PROFESSIONAL TRAINING

University of the East, Manila, Philippines
B.S. in Business Administration

City Colleges of Chicago, APO, New York, N.Y 09633
Associate in Computer Science

- **Lurnix, Berkeley, CA**
Introduction to Unix
- **Lurnix, Berkeley, CA**
Unix System Administration
